Participatory Action Research Grants

Congratulations to [Dr. Helen Brown](#) and partners on being selected for two grants from the Vancouver Foundation. Participatory Action Research (PAR) Grants support research that is co-led by community members and researchers to learn more about the root causes of pressing issues impacting the health of communities.

- Kwak'wala on and of the land: Strengthening mental health, identity and belonging for Young People and Elders through language with the 'Namgis First Nation
 - I-HEART = Indigenous Healing through Empowerment, Advocacy, Resistance & Transformation: Ending gender-based colonial violence for Indigenous Women, Girls & 2SLGBTQIA+ People in British Columbia
-

Harm is Not Historical

The UBC Faculty of Applied Science hosted a panel discussion titled, [Harm is Not Historical](#), as part of National Indigenous History Month on June 20, 2022.

The thought-provoking virtual panel on Indigenous resilience, strength, and self-determination in health care, resource extraction, mining, and the environment included UBC Nursing professor [Dr. Colleen Varcoe](#).

[Watch Recording](#)

EQUIP Pathways Showcase

At the Showcase, we will present the EQUIP Equity Action Kit developed through the Pathways Project. Pathways is a 2-year knowledge mobilization project to increase capacity to reduce stigma and discrimination in healthcare and social services. The Action Kit includes strategies and resources for reducing substance use stigma and implementing equity-oriented, culturally safe and trauma-and-violence informed care.

The poster features the UBC School of Nursing logo and the CRiHHI logo (Critical Research in Health and Healthcare Inequities). The title 'Decolonizing All Research' is in large purple font. Below it, the event details are listed: DATE: September 22, 2022; TIME: 2pm-3:30pm; VENUE: Zoom. A list of speakers follows: 1. Dr. Holly McKenzie, 2. Dr. Enawaweta Ojokwu, 3. Dr. Jennifer Esambach, 4. Dr. Colleen Varcoe. To the right is a graphic of a yellow sun rising over a grey horizon.

CRiHHI Critical Inquiry Series

Join the UBC School of Nursing Critical Research in Health and Healthcare inequities (CRiHHI) unit for a provocative proposal that all research should have decolonizing aims.

Diverse researchers will demonstrate the importance of decolonizing approaches to the development of knowledge in nursing and health care.
