

Ms. Jane Tosoff

"I am very honoured to receive this award."

BSN Clinical Preceptor

2023 Award for Excellence as a BSN Clinical Preceptor

Jane Tosoff offers her expertise to students in the thoracic surgery/respiratory medicine unit at VGH. She brings to every shift an enthusiastic, respectful, and professional presence that radiates throughout the unit, fostering a positive and courteous learning and practice environment for everyone.

She is exceptional at working in partnership with her students, adjusting her teaching style to meet their needs, and opening lines of communication between students and care team members. Jane expertly assesses each student's current knowledge, self-confidence, and needs, to appropriately challenge them with patient assignments and nursing skills and to provide opportunities to think critically.

Jane helps students understand fully all related policies and practices, demonstrates and assists appropriately, and provides positive and constructive feedback that instils self-confidence and constant improvement.
