

Dr. Zia Fahim

"Life consists of two days, one for you one against you. So when it's for you don't be proud or reckless, and when it's against you be patient, for both days are a test for you."

NP Preceptor

Erickson Kline Moerike Nurse Practitioner Preceptor Awards

Dr. Zia Fahim has been helping nurse practitioner students to hone their skills at the Clover Care Medical Clinic in Surrey for more than 12 years, often precepting two or three students at a time. He is patient and accommodating. No matter how busy the clinic is, he takes time to check-in with his students, ensuring they are meeting learning goals.

Dr. Fahim provides constructive feedback and encourages students to dive right into procedures and interviews with patients. He is open to hearing concerns and offers lots of tips and tricks.

He seeks out students to discuss interesting patient concerns, providing opportunities to build further skills and develop their knowledge base. He clearly sets his students up for success and is a model preceptor. We cannot thank him enough for his contributions to our program.
