Academic History

Please indicate all past or current post-secondary education on this page. If you have more than one, click ‘Add Another History’ at the bottom of the page.

You must list all non-UBC academic history information, including current coursework, incomplete degrees, and coursework taken under a non-degree designation. Failure to disclose your full post-secondary record is a serious matter and may result in disciplinary action.

- Please list every non-UBC post-secondary institution you have attended, starting with the most recent and including any you are currently attending.
- If you have multiple degrees from a single post-secondary institution, list each as a separate entry below.
- For Exchange Programs, please list the name of the university where you studied abroad. Transcripts from the institution you attended while on exchange will be required in all instances.
- For Degree Certificates, if the official transcript does not indicate the degree name and the degree conferral date then an official copy of the degree certificate is required.

For International Transcript requirements please see the following for details:<http://www.grad.ubc.ca/prospective-students/application-admission/international-students-transcripts>.

Begin typing institution name and select from list

TIP: As you type, the system will search the institutions in our database. Selecting an institution from the drop-down list will fill the box with the system's institution code. If your institution does not appear in the drop-down list, try the following:

- Only enter the most unique word from the title of your institution (e.g. enter only "Davis" if you are searching for the "University of California, Davis")
- Omit common or filler words (e.g. do not include words in the search such as "university", "the" or "of")
- Do not enter any "special characters", such as characters that include accents, umlauts, etc.

If you've tried the tips above and your institution is still missing from the list, use the "Tab" key on your keyboard to transfer what you've typed to the "other" box which will appear below. The "other" box will not appear if you have not typed anything in the "Full Institution Name" box.

Additional Questions

Please answer these additional questions.

Please discuss any other information you feel would be important to the Admission Committee in evaluating your application. If you feel that your credentials and any other information you have already provided on this form or will be submitting in support of your application represents you fairly, you should feel no obligation to write anything further here.

Provide the names and contact information for 2 referees who have agreed to submit a reference for you. Please note: **Your referees will receive a notification email and access to the online reference system only AFTER you submit your application.**

If you are eager to have your referees submit their references as soon as possible, you may submit your application with all required fields completed (which will trigger the notifications to your referees) and upload other required application documents after your initial submission. After submission, you are only permitted to upload missing documents, you cannot change your responses to any other application fields.

Whenever possible, be sure to use an address associated with the referee's institution or employer, and not one associated with a free email provider (such as gmail, hotmail, etc.) as the online reference system cannot be accessed through these addresses. Referees with non-institutional email addresses will instead be sent a link to a printable reference form, which they will need to complete, print, sign and send via post to the contact address provided. Please bear in mind that this will delay UBC's receipt of the reference, which must be received by the deadline.

If possible, please provide an email address associated with your referee's institution or employer, as this is the easiest way for us to obtain your reference. If you provide an email from a free email provider (e.g., Gmail, Yahoo), your referee will need to send the completed reference form to us by mail in a sealed envelope
